

Statement for Immediate release

January 20th 2017

Due to the negative coverage as of late by the media, particularly the press conference held in Prince Edward Island, we felt that we should address the membership.

We believe the actions taken recently to be fear mongering by the police and political pandering by the Premier.

We hope to address this at the meeting and we advise our members to be prepared for a large presence of law enforcement on Saturday.

We encourage members to come out in full force to demonstrate that we, the motorcycle community, will not be intimidated and threatened or allow our charter of rights and freedoms to be eroded for political gain or law enforcement agendas.

Please share this on any and all social media sites you are on.

Contact your member of parliament and express your displeasure as citizens and voters of the great country we reside in.

Please let anyone and everyone know that these meetings are open to the general public and we encourage anyone who wishes to know what our agendas are at the ACC to come and sit in. We also encourage the independent riding community to attend.

We as a confederation stand with the motorcycle clubs, riding clubs and independents as well as supporters in PEI, and we hope your communities will stand behind you as well. We need to recognize that this affects all of us.

As the Canadian Charter of Rights and Freedom states: Everyone has the following fundamental freedoms

(a) Freedom of conscience and religion;

(b) Freedom of thought, belief, opinion and expression, including freedom of the

press and other media of communication;

(c) Freedom of peaceful assembly; and

(d) Freedom of association

We ask that our membership not spread the propaganda displayed by the media, and that you instead respectfully spread awareness, and truth in your words and your actions. We must take a stand, this is our lifestyle, not a tv show.
